VOL. CVXIIII.—183. ALEXANDRIA, VIRGINIA, WEDNESDAY, AUGUST 20, 1913. PRICE, 2 CENTS

HARRY THAW HELD AS A PRISONER

To Be Brought Before Judge on Habeas Corpus Proceedings.

IS SURE OF FREEDOM.

Represented by Best Lawyers in Canada, Who Are Adepts in Deportation Statutes.

Sherbrooke, Province of Quebec, Aug. 20.—Harry Kendall Thaw, in custody after his escape from Matteawan Asylum, today was summoned to appear before Judge Globensky, in the superior court, who was to pass on Thaw's application for a writ of habeas corpus.

Dr. W. L. Shurtleff and Col. H. R. Fraser, two of the best known lawyers in the province, the former especially adept in the art of finding holes in the Canadian deportation laws, representing Thaw, applied for the habeas corpus writ immediately after Thaw was remanded to jail, and it therefore took precedence over either the attempted extradition of Thaw or the effort of the Dominion immigation authorities to deport the man as an undesirable

Thaw, before he appeared today before court, said that he based his hope of freedom mainly on his possession of a through ticket to Detroit. Thaw claimed that he had a Detroit ticket when he was arrested and said he would produce it in court.

"I am sure I will be freed", he said. "I cannot be extradited or deported, for I have committed no crime and am not an undesirable. I shall go to Detroit when I am free."

Should the plea for a habeas corpus writ be denied, Thaw will then face possible deportation or extradition.

Should an effort at extradition be made first and fail, the immigration authorities could still try to bring about his deportation under the Dominion provision that he has been in a penitentiary or an insane asylum within five years.

All those who saw Thaw today were unanimous in saying that he is very nervous and apparently laboring under poorly hidden excitement. He has been restlessly pacing about his room almost constantly since his arrest and slept little last night.

His boastful declaration to the New Hampshire depututy sheriff that he was Harry K. Thaw, which in reality was what brought about his arrest, indicates the survival of the old egotism which, his wife said the day of his escape, would inevitably lead to his capture.

Men, women and children from all the neighboring villages and from the entire countryside flocked into Sherbrooke today to see Thaw. When he made the trip to the Superior Court he was forced to push his way through a dense crowd of the curious, many of whom yelled encouragement to him and cried: "Let him go free!"

The attention pleased Thaw immensely, and he bowed and smiled his thanks.

Died in Pilot Mountain, North Carolina.

Died at 11 A. M., Friday, Aug. 15, 1913, Wm. A. Minish, beloved father of Mrs. W. R. Topping, of this city, and Mrs. P. T. Harrington, of Boston, Mass., Mrs. L. M. Snider, Mrs E. M. Wheeler, and M. C. Minish, all of North Carolina; he also leaves an aged wife.

The voice is silent, the heart is now cold,
The smile and welcome, that met us of old,
We miss him and mourn him in sorrow unseen,
And dwell on the memory of days that have been.

How sad to think of the parting day,
That voice so still and far away,
Thy will be done on earth we pray,
Our Father in glory looking this way.
—HIS BABY.

LOST.— August 16, 1 7-8 carat diamond ring, $25 reward if returned to J. S. Simmons, 501 Cameron Street. 19 3t

NEWS OF THE DAY.

The Soo-Spokane train, eastbound from Minneapolis and St. Paul, was held up within the Portland, Oregon, city limits late last night. Two persons were shot by the bandits. The robbers made their escape with valuables taken from a number of passengers.

Harvey J. Harding was awakened in his home at 1222 C street, S. W. Washington, about 12:30 this morning by a sharp explosion downstairs. Hurrying from his room he heard two more explosions, and running down into the lower hallway, saw some one close the front door and fire in the darkness. Three umbrellas in the hall rack were ablaze. An investigation showed that some one had thrown two pigs' bladders filled with a powerful explosive into the hall. The gas was overpowering. The blaze was extinguished after slight damage had been done. The police believe some person attempted to wreck the house or stupefy the family for purposes of robbery.

Seven persons were drowned yesterday evening when the government steamer Henry Bosse was overturned in a heavy windstorm in the middle of a narrow channel of the Mississippi river at Keokuk, Iowa. Seven other persons escaped by clinging to parts of the boat until rescued. Those who were drowned were in the cabin of the boat.

George H. Bixby, the Long Beach Cal., millionaire indicted by the county grand jury several months ago on charges of having contributed to the delinquency of Irene Marie Brown-Levy and Helen Clo Barker, minors, was made defendant yesterday in three damage suits, each for $50,000, and each brought by a girl. The two girls mentioned and Jeanette Ellis were the plaintiffs. They asked damages on the ground that Bixby had committed "high crimes and misdemeanors" against them.

James G. Sheperd, of Scranton, Pa., several times a millionaire, has a wife who won't let him go to church. He testified in his divorce case yesterday a. Reno, Nev., that she perpetually nagged him and spoiled a nine-month trip aboard in that manner. She finally, he says, threatened him with a revolver, as he was dressing for church. He left her on January 13.

Samuel T. Kalbfus, who on Monday refused to resign from the board of assistant assessors, was yesterday removed from office by the commissioners of the District of Columbia on charges of "inefficiency, neglect of duty, and malfeasance in office," and Edward W. Oyster was at the same time appointed to fill the vacancy.

Mistaking the form of Charles Cain, 15, for that of James Collins, a man with whom he had just quarreled and whom he had threatened to kill, Charles Woolen, 16, shot and killed the boy at the home of the latter's mother, Mrs. F. Reed, in Elwood, Ind., where Woolen was a boarder. Realizing his mistake as the boy tottered to the floor and fell lifeless from the porch, Woolen turned the gun upon himself sending a bullet through his brain and dying instantly. Woolen is said to have been angry when Collins visited the home and rushed upstairs saying he would "fix" him. The boy hurried after him to prevent the trouble and Woolen not recognizing him in the darkness of the stairway fired, the bullet piercing his heart. Mrs. Reed, mother of the boy, has a suit for divorce pending against her husband, William Reed.

Harvey Goodin, 9, son of William Goodin, shot and fatally wounded Grace Clare, 6. The shooting occurred on Straight Creek, near Pineville, N. C., where both families reside. The boy was brought to Pineville and placed in jail. The little fellow sobbingly told the story of the accident. He said he was playing with a twenty-two rifle when it was accidentally discharged. The bullet took effect in his playmate's head. Physicians say Grace can not live.

A decisive victory was won yesterday by the federals over the Sun Yat Sen rebels at Nankin, China. The government forces captured Purple Mountain and Lion Hill after a desperate charge in which 5,000 men fell. Shanghai is surrounded by rebels and fighting is imminent.

SENATE TO HAVE LONGER SESSION

Mr. Simmons Will Urge That Work Start at 10 O'Clock.

FREE SUGAR FEATURE.

Mr. Thornton ,of Louisiana, Issues Statement—Says He Will Vote Against Free Wool.

Washington, Aug. 20.—Hoping to hurry along the tariff bill, Senator Simmons today will ask the Senate to hold 10 o'clock sessions from this time on. Senator Simmons believes that with the sugar schedule out of the way, more rapid progress will be made.

Sugar occupied most of the time yesterday. The free sugar plan was sustained. Senator Bristow's amendment for a gradual reduction of duties to about 1 per cent was beaten 39 to 34.

The bill thus stands with a provision for free sugar in three years. An amendment to abolish immediately the Dutch standard color test was offered by Senator Bristow and accepted without a fight.

The Senate disposed of the wines and spirits schedule without a contest. It passed over the paragraph to restore to $1.10 the internal revenue on brandies used to fortify sweet wines. Theodore E. Bell is here with a delegation from California fighting this amendment and says he will be able to kill it in conference.

Senator Thornton of Louisiana, who, with Senator Ransdell, voted against free sugar, issued a statement in which he said:

"Believing the prosperity of the entire country to be dependent on the prosperity of its farming element, I have always maintained that the products of the farm should be helped by tariff legislation wherever it was practicable to help them.

"In all cases where the bill imposed a duty, but Canada imposed a higher duty, I voted for amendments that would make the American duty equal to the Canadian duty on the same products, considering this to be only justice to the American farmer.

"I will also vote against free wool in the interest of the American farmer and sheep raiser."

FREE SUGAR CARRIES THE DAY.

Democrats Rally to the Support of Tariff Bill And Defeats all Amendments.

President Wilson's program for free sugar in 1916 carried the day in the Senate yesterday, when Democrats rallied to the support of the tariff bill, and defeated all amendments to the sugar schedule. With all but Senators Ransdell and Thornton, of Louisiana, standing firmly for the administration measure, the Democrats defeated the Bristow amendment for a compromise duty, the Norris amendment against free sugar, and the Gallinger amendment against free maple sugar.

An amendment to abolish immediately the Dutch standard color test for sugar was adopted during the fight. It was proposed by Senator Bristow, Republican, and accepted by Senators Simmons and Williams, the Democratic managers of the bill. Under its provisions the Dutch standard, against which a consistent fight has been waged since 1909, will be abolished as soon as the tariff bill becomes law, instead of next March, as the measure would otherwise have provided.

PROPOSED CALL BOX.

Fire Alarm System for Alexandria Again Suggested.

Action relative to the establishment of a police call box system in connection with the proposed fire alarm system to be instituted in Alexandria will be urged by the board of police commissioners, who will hold their regular monthly meeting tonight. The commissioners believe that it will not be an expensive proposition to include call boxes for the use of the police force, using the same lines and poles as will be required for the fire alarm system. The latter system is one of the urgent recommendations of Engineer A. C. Hutson, who recently made an exhaustive report for the bureau of fire prevention committee of the national underwriters. He declared that there was a great danger of a serious conflagration in Alexandria on account of the lack of a proper system. At the present time special wires of the two telephone companies are used to transmit alarms, but these are not available in the business sections of the city at night.

The police force also use the phone wires in order to advise headquarters of their whereabouts, but as as there are no phones available after midnight it is impossible to keep in touch with the men.

The question of the fire alarm system is now being considered by the fire committee of city council of which C. J. Summers, is chairman.

FREE KINDERGARTEN.

Institution Experiencing Difficulty in Securing Quarters.

The Alexandria Free Kindergarten, one of the most successful of Alexandria's educational institutions, is having considerable difficulty in securing quarters for the coming school year which will open early in September. Owing to the congested condition of the Lee school building where the Kindergarten is now housed, the board of education was compelled to give the management of the institution notice that th epresent quarters would not be available for their use during the coming scholastic year. A proposition has been made to secure the play rooms of the Children's Home, corner of Duke and Royal Sts., as a temporary location, and this will probably be the result o fthe endeavors of the committee to secure a location.

COUPLE RECONCILED.

Young Benedict Promises to Look After Family in Future.

Among the cases in the Police Court this morning was that of a young man who had been arrested at the instance of his wife on a charge of non-support. According to the complainant, the husband, who is paid by the month, drew his check and appropriated all the money to himself.

When the accused faced the bar and while the young wife was about to make her statement, her child, who had reached the walking stage, was moving about in the best of humor ignorant of the sad relations between mother and father.

The wife at first was disposed to invoke the strong arm of the law against her better half, but upon being interrogated, she announced that she was willing to drop the proceedings if her husband would promise to provide for her and their offspring in future. The prisoner announced his purpose of caring for his family hereafter, and was accordingly dismissed.

Declares Wife Spent Fortune.

Pittsburgh, Aug. 19.—Joseph Walters, aged seventy, a prominent McKeesport man, who married Ruth Henderson when she was seventeen years old, filed a suit in divorce court, asking a decree because his wife, after forcing him to spend his fortune of $100,000 on her "ran away."

Walters declared tha he was penniless and entirely dependent on a pension of $21 a month given him by Andrew Carnegie. The young wife sued Walters for nonsupport and the divorce suit is the culmination of that action.

DIED.—CHARLES H. COLLINS, in his 87 year, at 9:15 P. M., Monday, August 18th. Funeral from his late residence, 112 South Alfred street, Thursday, August 21st, at 3 P. M. Friends and relatives invited.

NO ULTIMATUM SENT BY MEXICO

Declared Mexican Trick Intended to Produce Effect At Home.

INVESTIGATION IS ON.

President Receives Last Instalment of Formal Reply of Huerta to Lind's Proposals.

Washington, Aug. 20.—As had been suspected by many who read the papers, during the past two days, the reports sent out to the effect that Huerta, now holding the reins in Mexico, had sent an ultimatum to the United States demanding that this country recognize his government during the next twenty-four hours was erroneous. In reading between the lines it was easy to discern that the flaring across-page headlines were uncalled for. Papers in other cities which received the same dispatches placed modest headlines over them. It was significant that the dispatches abounded in the adjective "unofficial" before the word dispatches.

President Wilson this morning received the last installment of the formal reply of President Huerta to the proposals laid before him by John Lind for a mediation of the Mexican troubles.

Soon after receiving the last of the reply, President Wilson got in touch with Chairman Bacon, of the Senate Committee on Foreign Relations, and arranged for a conference. It is probable that this conference will be held some time today, an dthat other leading members of the committee will be consulted, including Senator Lodge of Massachusetts, Republican, who has been assisting the Administration in deferring debate in the Senate on the Mexican situation during the critical period of the negotiations.

In the meantime the State Department, through the American embassy in Mexico City, is making a quiet investigation to fix the responsibility for the alarming press reports sent out of the Mexican capital Monday night, stating that President Huerta had given the United States until midnight Monday to recognize the provisional government of President Huerta, and that Charge O'Shaughnessy had been given his passports to leave the country.

If it is found that these reports were inspired by members of Huerta's cabinet for the effect, which they would produce on the public of Mexico, and afterward repudiated for the benefit of publication in the United States and other foreign countries, it might serve further to complicate the already puzzling situation.

Secretary of State Bryan held a conference early this morning with President Wilson.

CONSTRUCTING GYMNASIUM.

High School on Seminary Hill to Have Building Trimmed With Indiana Limestone.

As has been stated in the Gazette, plans and specifications have been completed for a new gymnasium for the Episcopal High School situatel on Seminary Hill, Fairfax county.

The building will be separate and distinct from the group now in course of construction by the Page Construction Company. The building has a frontage of 40 feet and a depth of 100 feet. It will be built of red brick, trimmed with Indiana limestone, and is to be three stories in height.

The interior of the building will have modernly equipped fixtures suitable for an up-to-date gymnasium. The building will cost approximately $20,000. M. F. Gisey, of Wheeling, W. Va., is the architect.

ANNOUNCEMENT.

Humphries and Valentine, formerly with Schaffer, will take possession of J. R. Howard's Barber Shop, at 903 King street, Alexandria, Va., Aug 21, 1913.

LOCAL BREVITIES.

There will be a called meeting of the Allison W. C. T. U., at the Childrens' Home Thursday at 8 o'clock.

Despite the non arrival of the chemical engines of the Potomac volunteer fire company which were to have been tested last night, the lawn party which was given in connection with the test proved a success and a considerable sum of money was realized for the recently organized department.

A large number of Alexandrians are spending today at Colonial Beach on the occasion of the second excursion of the Elks' Dancing Club. Charles B. Marshall is chairman of the committe in charge of the arrangements.

A suit for absolute divorce has been filed in the Corporation Court by Anthory W. Girard against Mary S. Girard on the ground of wilful desertion and abandonment. Attorney Howard W. Smith represents the complainant.

The postponed baseball game between members of the Old Dominion Boat Club and the Police force will be played this afternoon at the Alfred street ball park. The proceeds will be for the benefit of the Children's Home.

Miss Jessica F. Crump and Miss Martha Hancock have returned from Fredericksburg and have as their guest, Miss Catherine Carper, of "Fairview," Fredericksburg.

Mrs. Eva G. Mushback is the guest of relatives in Philadelphia.

Miss Louise Howell is the guest of friends in Washington, D. C.

GIVES BLOOD TO HIS WIFE.

Arthur B. Bingley Volunteers to Submit to Operation.

Richmond, Aug. 20.—When told by physicians who were attending his wife that a transfusion of blood would undoubtedly save her life, Arthur B. Bingley, a carpenter, living at 906 Louisiana street in Fulton, heroically volunteered to submit to an operation by which a quantity of his blood could be transfused into her veins. Mrs. Bingley was in a serious condition and was rushed to the hospital, her death being feared every minute last Friday. The operation was performed by Dr. J .Shelton Horsley.

Mrs. Bingley had been greatly weakened by hemorrhages, and it is thought she would certainly have expired if fresh blood had not been transfused into her veins. Her husband was found to be in excellent condition and the operation was at once performed. Mrs. Bingley soon showed great improvement. More than a pint of her husband's blood was allowed to flow into her veins.

At the Sheltering Arms Hospital, where she was taken, it is reported that she is steadily improving. Mr. Bingley showed no serious effects from the operation and after spending the night at the hospital was able to go to his home.

MANN IN THE PULPIT.

Governor Greeted by a Small Flock in Baptist Church.

Richmond, Aug. 20.—Is Governor Mann's reputation as a pulpit orator on the wane?

Persons in the vicinity of Pine Street Baptist Church are still talking of the small congregation which greeted Virginia's chief executive when he filled that pulpit Sunday morning in the absence of the pastor, the Rev. J. B. Hutson.

It is asserted that a number of this flock found their way to Laurel street Methodist Church instead of attending their own church, as usual.

Friends of the Governor declare that the exodus to the other church had nothing to do with his presence at Pine street.

Others assert, however, that many persons in that section have never forgiven the Governor for his action in the Allen cases, and it was because of this that Pine Street failed to turn out its full quota when he preached.

CARGO OF PHOSPHATE ROCK.

The steamer Ruth, of the Bull line, arrived at this port yesterday from Florida with a cargo of phosphate rock for the Alexandria Fertilizer and Chemical Company.

CAUCUS RESUMED ON CURRENCY BILL

Debate to be Brought to an End at 6 O'Clock This Evening.

GLASS MAKES THREAT.

Speaker Clark Says Bill, on The Whole, is Favorable to Agricultural Interests.

Washington, Aug. 20.—The Democratic currency caucus was resumed today, with the expectation that the long "general debate" on the Administration measure will be bought to an end about 6 o'clock this afternoon, and the bill may be taken up section by section for amendment tomorrow.

Chairman Glass, of the Banking and Currency Committee, who has shown growing impatience because of the long-winded and academic discussion of the Administration currency scheme, threatened to end general debate yesterday afternoon. Mr. Glass relented, however, and when adjournment was taken the Democrats were still wrangling over the bill.

When the Glass-Owen measure is taken up for amendment the real struggle between the insurgent and conservative wings of the party will be staged. The insurgents are confident they will force an amendment in behalf of the farmer, permitting the agricultural classes to rediscount securities backed by the staple products of the farm.

Speaker Champ Clark came to the rescue of the bill late yesterday, elaborating upon the statement he issued Sunday night. Mr. Dies, of Texas, was also a defender of the measure.

The caucus chairman, Mr. Palmer, of Pennsylvania, also took a hand in the debate. The needs of the country are such, asserted Mr. Palmer, that an issue of about $200,000,000 annually in emergency currency would not be amiss.

"Alalfa Bill" Murray, of Oklahoma, contributed the observation that the administration currency bill was a fairly good measure, but he insisted that the language of the bill relating to the privileges of the farming classes should be plain and beyond misinterpretation. This was along the line consistently advanced by the insurgents.

Defending the federal reserve board provisions, which has been attacked by opponents of the bill, Speaker Clark said 'there has never been a President, and I do not believe there will ever be a president, who would appoint the wrong set of men to this board."

"The desire for fame is the strongest passion of the human heart, perhaps," said the Speaker. "No President would care to bring disgrace upon himself by appointing the wrong men to a board of this kind."

The Speaker argued that on the whole the bill is fair to the agricultural classes.

CRAZED BY HEAT.

Demented Man Climbs Flagpole to Reach Heaven.

Chambersburg, Pa., Aug. 20.—His mind affected by the intense heat of Monday, Mach Shearer, thirty years old, empolyed in construction work here, was discovered yesterday morning sitting on the big gilt ball on the top of the forty-five foot flagpole in front of the Friendship engine house. He was praying at the top of his voice, and persons aroused from their sleep hurried from their homes scantily clad to witness the unusual spectacle.

In spite of their coaxing Shearer would not descend. Asked where he was from, he answered:

"From hell."

To the query: "Where are you going?" he replied: "To Heaven."

It was learned that the man had wandered about town all Monday night, having applied for admission to the county jail.

When he was finally persuaded to descend, he was placed in the care of a physician.

SOCIAL AND PERSONAL

Interesting News Notes About People of Alexandria-- Happenings in Society.

James R. Caton, former majority leader of the House of Delegates of Virginia will leave here early next week for Montreal where he will represent the State of Virginia at the meeting of the commissioners on uniform State laws.

Mrs. Kate Waller Barrett, president of the National Council of Women, arrived this morning from an extended trip abroad. She will remain in Alexandria for the next week and then go to her cottage at Cape Henry, Va., where she will be joined by her two daughters.

Miss Maud B. Cogan has gone to Colonial Beach for a short vacation.

Mrs. B. B. Smith, Miss Zelda Smith, Miss May Mancer and Mr. J. H. Harris, are spending several weeks in Atlantic City.

Misses Phebe and Ruth Deahl are visiting in Clarke county.

Mr. Charles J. Deahl, Jr., who has been visiting his parents, has returned to his home in Norfolk.

Mr. J. Randall Caton left yesterday for Atlantic City where he will spend his vacation.

Mr. and Mrs. George W. Hammersley are spending the week at Ocean Grove, N. J.

Mr. and Mrs. Irvin Roberts and children, left yesterday for a three weeks' stay in Leesburg and Bluemont.

Miss Florence Henderson left yesterday to spend the remainder of the summer at Colonial Beach.

Mrs. E. H. Werneke and little Miss Katherine Werneke, left Monday for their home in Philadelphia, accompanied by Mrs. Werneke's brother, Mr. C. Phillip Heishley, who will spend his vacation in Philadelphia and Atlantic City.

Mr. and Mrs. Alexander S. Doniphan and Master Jack Doniphan, left this morning for Colonial Beach where they will spend a week.

A very large affair was the military German given Friday at Rockbridge Alum Springs by the cadets of the Virginia Military Institute summer school. The figures were skillfully led by Cadet William Marshall, of Richmond, dancing with Miss Oppenheimer, assisted by John Patton, of Lexington, and Miss Rafferty, of Washington. Among the dancers was Cadet Samuel D. Lunt, of Alexandria.

Mr. Earl Wells, of King street has returned to his home after a pleasant visit with relatives and friends in Bridgeton, N. J.

Misses Myrtle and Virginia Baughan have returned to their home in Newport News from a visit to relatives in Washington and Alexandria.

DEATH OF NONAGENARIAN

Passes Away While Nearing the Nine ty-Six Mile Post of Life's Journey

Jonathan D. Cathell, who would have been ninety-six years old had a lived another month, died at his residence in West Washington yesterday.

Three-score years ago the deceased was captain of the schoner Statesman which plied between Alexandria and New York. He was a cotemporary of Benjamin H. Lambert, Stephen Shinn, Lewis McKenzie, Philip H. Hooff, William Fowle, Andrew J. Fleming, B. Wheat and others who represented the business community in the forties and early fifties. Mr. Cathell at times visited Alexandria, and on such occasions enjoyed conversations with older residents concerning Alexandria of the past when the bulk of the commerce of the city was by water. Although having entered the nineties, the recollection of the deceased was in no way impaired and his reminiscences concerning men who figured in the past and incidents of by-gone years in Alexandria made him an interesting conversationist. Throughout his long life he was a consistent member of the Methodist Church.

One of his sons was the late James Cathell, who for many years announced the trains at the old Sixth street depot of the Pennsylvania Railroad, who was known to most Alexandrians.

On his maternal side, Captain Cathell was one-eight Deleware Indian, his great grandmother being a full-bloded member of the old Delaware tribe.

After giving up the sea life, he became superintendent of the Georgetown Gaslight Company, in which capacity he remained for nearly forty years. He was retired by the gas company when he was seventy-five years old on a pension of $1,000 a year. Never during the seventy-five years he was of voting age did Captain Cathell use the ballot.

His second wife, Mrs. Anna Cathell and three daughters, Mrs. Hettie Schmidt, Mrs. Sarah E. Brewer, and Mrs. Maggie Fuller, survive.

STUNNED BY THE BLOW.

Young Colored Man Struck and Rendered Unconscious.

A difficulty occurred yesterday afternoon at the corner of King and Royal streets between John Robinson and Arthur Milton, both colored, during which Milton struck Robinson a violent blow on the head, which knocked him out. Robinson was stretched out in the street, as though dead, and bystanders who picked him up encountered some difficulty in restoring him to consciousness.

Milton was arrested and left collateral for his appearance in the Police Court this morning. He was not present when the case was called and forfeited his deposit.

Robinson had been cited to appear in court, as it was at first supposed the couple had engaged in a fight, but the evidence this morning was to the effect that the missing darkey was the aggressor and Robinson was dismissed.

FINED TWENTY DOLLARS

Engineer of Steamer Appears at Resort in Northeast With Pistol in His Pocket

At a late hour last night Officers Campbell and Roberts were requested by an inmate of a house on north Lee street to enter the place and disarm a man who, it was alleged, had a pistol in his possession. The officers entered, approached the man and took the weapon from one of his pockets.

After having been conducted to the station house he left $20 collateral for his appearance before the Police Court this morning. He gave his name as Charles Grecht and said he was an engineer on the steamer Ruth, which arrived yesterday from Florida with a load of rock phosphate.

Grecht was on hand this morning and after the testimony of Officer Roberts and three women, the accused acknowledged having the pistol, but said he had the weapon wrapped in a newspaper. Officer Roberts repeated his testimony to the effect that the pistol was found in one of his pockets. Grecht was fined $20.

POLICE COURT.

(Justice L. H. Thompson, Presiding.)

The following cases were disposed of this morning:

Mary Copeland, charged with being drunk and disorderly, was fined $5.

John Robinson, colored, charged with fighting, was dismissed.

Arthur Milton, colored, charged with a similar offense, forfeited his collateral by failing to appear.

Charles Grecht, charged with carrying a pistol, was fined $20.

A young white man, charged with non-support of his wife and child, was dismissed upon promising to provide for his family in future.

A white man, charged with harboring an unlicensed dog, was fined $5.

Bathurst Lomax, colored, charged with viloating the traffic law, was fined $1.

OUTING AT COLONIAL BEACH.

Twenty of the boys and girls of the Children's Home will enjoy a two weeks outing at Colonial Beach, the first part of next month. The children will be located at the summer cottage of the Bell Home of Anacostia, a short distance from the boardwalk. They will be in charge of the superintendent, Miss E. M. Hacket, and her assistant, Mrs. Waitt. Funds to defray the expenses of the outing were recently raised by means of a lawn party.

HIBERNIANS EXCURSION.

The excursion of Alexandria Division, Ancient Order Hibernians tomorrow promises to be largely attended. The steamer "St. John's" will be used for the trip to Colonial Beach. The altar boys of St. Mary's Church has been invited to be the guests of the Hibernians.

Salt water tailors, mackerel, rock fish, trout, also have a few half barrels family roe herring. Our bench the second one from Royal street entrance. Geo. E. Price & Co.

WASHINGTON, D. C.

American Porcelain Dinnerware

Domestic potteries are now beginning to show the enriching influence of world-famed English masters. It can easily be concluded from a glance at the new arrivals in American Porcelaine Dinnerware that our own countrymen are now more competent to meet the refined tastes than ever before.
New designs of many sorts are now here, and more are coming; our choice included only those patterns which showed the highest merit.
A dainty rose spray pattern in pink.
A particularly effective floral wreath pattern with heavy gold lines on each side.
Many new floral, border, and conventional designs.
If we were asked to tell of the patterns now being shown the greatest preference, we would direct attention to the floral and conventional effects in many variations and combinations.
PRICED FROM $12.65 UP, for 100-PIECE SETS.

NEWS OF THE OLD DOMINION.

DEBATE WITH SUFFRAGIST.

Roanoke Pastor Says Militants Are Going Against Divine Laws.

Roanoke, Va., Aug. 20.—That the breaking down of hedges thrown about the moral and spiritual spheres of humanity fast is being accomplished by the numerous ventures beyond the limitations of scriptural law and ultimately will lead to the absolute enslavement of women was the burden of a discourse by Mr. T. T. Fishburne, who occupied the pulpit at West-End Presbyterian Church Sunday morning in the absence of the pastor, the Rev. J. J. Fix. The militant suffragette movement and lack of Sunday observance were given prominent places in the list of causes leading toward such a result.

Mr. Fishburne continued in a measure a pursuit of the subject of home life as treated in his sermon at Greene Memorial Church Sunday of last week, his expressed views on which brought forth a sharp reply from a young lady stenographer who took exception to Mr. Fishburne's statement that women would be better off with a poor husband under poor surroundings, than by going into the commercial world to make a living and ignoring in large measure the divine object of creation.

While Mr. Fishburne did not dwell at length on that particular phase of the modern tendency to drift away from divine laws, he referred specifically to his views as expressed at Greene Memorial and strongly reiterated his position expressed at that time. A congregation that practically filled the litle church on Thirteenth street in West-end listened with marked attention to the words of the speaker and many shook his hand and expressed sympathy with his ideas after the service was concluded.

SENATOR MARTIN IN NORFOLK.

Paired on All Party Questions Arising In The Senate.

Norfolk, Va., Aug. 20.—United States Senator Thomas S. Martin, Virginia's senior representative in the upper branch of Congress arrived in Norfolk yesterday and may be here for several days on business. Senator Martain is paired on all party questions in the Senate and before leaving the National Capital last night otherwise fully protected all matters liable to demand attention in his brief absence. Senator Martin is chairman of the Appropriations Committee of the Senate.

The Senator when seen today said the tariff bill of course will pass the Senate but just how soon he was unable to predict. He said the currency bill will also be acted on at the present session of the Senate but just how long it will be before this legislation is enacted the Senator could not forecast.

Senator Martin expressed great pleasure at being in Norfolk again. Being general counsel for the Lane Brothers Co. Inc., general construction contractors, Senator Martin came here to appear for that company in an important arbitration for setlement of a dispute between the Lane Brothers Company and Norfolk Southern Railroad, whose new lines between Raleigh and Charlotte, N. C., were largely constructed by the claimant firm.

Senator Martin while very busy was at his leisure moments today seen by a large number of Norfolk friends and supporters. He was heartily welcomed to this city. Senator Martin in looking about commented upon Norfolk's rapid strides as a city, and her remarkable commercial development. He said these cities and the people who go to make up such progressive comunities as those of Norfolk and Portsmouth are to be heartily congratulated.

Senator Martin is stopping at the Monticello Hotel.

SEVERE STORM IN RICHMOND.

Inch And Half of Water Falls in Hour—Lightning Starts Fires.

Richmond, Aug. 20.—Richmond was visited early yesterday afternoon by one of the most severe electrical storms of the summer. At 2:45 o'clock it began to rain in torrents, and in about an hour nearly an inch and a half of water had fallen. Official figures at the Weather Bureau placed the rainfall at 1:42 inches.

While considerable damage was done by lightning and water, not one instance of serious loss was reported in this vicinity. Telephone and telegraph service was badly interrupted. Many instruments in and near the the city were put out of commission by lightning, and electric lights in many parts of the city were put out. The City Hall was one of the public buildings, which had no use of its electrical current.

Just before the thunder storm broke, the heavens were overcast to such an extent that it gave the impression of nightfall. It resembled the twillight so much that chickens sought their roosts.

Several small fires were started by lightning striking houses and burning holes into gas pipes.

URGE NORFOLK SHIP YARD.

State Federation of Labor is to Agitate Movement.

Richmond, Aug. 20.—A meeting of the executive officers of the Virginia State Federation of Labor will be held in Portsmouth tonight, which will be attended by labor men of Portsmouth, Norfolk, Newport News and the entire Tidewater section, extending even down into North Carolina. The object of the meeting is to create interest and take action in the proposal to have a battleship built at the Norfolk navy yard.

President Davidson, of the State Federation of Labor, leaves Richmond today to attend the meeting and he will be accompanied by State Labor Commissioner James B. Doherty and other men of prominence in labor circles in Richmond and vicinity. This is expected to be the initial movement in the fight to get the next government built battleship for the Norfolk yard instead of the Brooklyn yard.

CHALONER ANNOUNCES NEWS.

Audience in Richmond Receives Tidings From Theatre Stage Amid Commotion.

Richmond Va., Aug. 20—John Armstrong Chaloner was advertised to speak in the Rex Theatre Monday night at 8 o'clock.

A big audience was promtly on hand at that hour. Mr. Chaloner who made fortnightly addresses in the Rex last winter, has established a reputation for punctuality, and as 8 o'clock came and passed without his appearance the audience tried to imagine what was delaying him. The audience agreed it must be something momentous.

At 8:15 there was still no sign of Mr. Chaloner, But no one left the theatre. Instead, the few remaining seats filled rapidly with late comers.

At 8:30 the author of that merry quip, "Who's Looney Now?" arrived somewhat out of breath, and hurried down the aisle to the stage. He switched on a powerful reading lamp and faced the audience.

"My friends," said Mr. Chaloner, "I have news for you. Harry Thaw has escaped!"

The crowd was startled. If a bomb had been touched off in the basement it would scarcely have caused more commotion. A man in the front row of seats arose in his excitement and then sat right down again.

FINED FOR CONTEMPT.

Judge Crutchfield Tells Lawyer Lovenstein He is Lucky to be Fined Twenty-Five Dollars.

Richmond, Va., Aug. 20.—Benjamin Lovenstein a lawyer, having offices in the American National Bank building, who last Wednesday was fined $25 for contempt of court by Justice Crutchfield, yesterday morning in Police Court noted an appeal to the Hustings Court. Mr. Lovenstein thinks he was greviously wronged by the police justice when he was held in contempt, while the Justice's opinion is that Lovenstein will be mighty lucky to get off with any less than a $25 fine.

Lovenstein appeared as counsel for Mrs. Robert Conway last Wednesday in her case against her husband whom she had charged with nonsupport. During the Conway trial Lovenstein turned on a witness with a remark which brought from Justice Crutchfield a stinging rebuke and a fine of $25.

The remark was "You must have acted in the place of a Jersey cow" and was directed at a witness for the defense named William Davis, who testified that he had been supplying the Conway home with milk, though he is not a dairyman.

Justice Crutchfield in rebuking and fining the lawyer told him that lawyers as well as others must learn to behave in his court.

DEATH OF JAMES R. JOPLING.

Banker, Merchant and Prominent Church Member Passes Away.

Danville, Va., Aug. 20.—James Rufus Joplin, for forty years a resident of Danville, president of the First National Bank, vice-president of the Traction Company, hardware merchant, steward in Main Street Methodist Church and teacher of a large Sunday school class, died yesterday at his Main street residence, aged sixty-eight years. He had been in ill health nearly two months of cancer of the liver.

Mr. Joplin was born in Bedford county, November 19, 1845. He enlisted as a Confederate soldier at 17, and served through the war.

PAUL BEATTIE.

State's Witness at Murder Trial Makes Good.

Richmond, Va., Aug. 20. — Paul Beattie who two years ago was much in the public eye at the trial of his cousin, Henry Clay Beattie, the young man who shot and killed his wife while out automobile riding, is a hard working man and is making good in every sense of the word. For several months he has been at work as head of the elevator force in the First National Bank Building, a job which requires a good deal of patience and much time. He is also custodian of the rooms of one of the big corporations in this place, being endorsed by L. L. Scherer, the man who managed the case for the State against Henry Clay Beattie. Paul is paying close attention to his duties, is always on time, does not idle along the streets, but keeps right at his task all the time. When his day is finished he goes home and remains there with his wife and child.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

Alexandria County Lighting Company

No one was ever able to swim without going into the water. How is a woman going to know how to save money who never had any money to save? If more men entrusted their finances to their WIVES, there would be fewer bankrupts. If men entrusted their wives with their bank accounts, they would find at the end of the month that there was A BIGGER BALANCE in the bank than ever before.

Entered at the Postoffice of Alexandria, Virginia as second-class matter.

ALEXANDRIA IS POORLY ADVERTISED.

The receipt of a handsomely printed booklet issued by the Retail Merchants' Association of Salem, Va., and calling attention to the many opportunities offered by this thriving Southwestern town brings to mind how poorly advertised Alexandria is in a similar respect. There is nothing available at the present time which presents the advantage of this city either as a place of residence or as a manufacturing center. There are a few copies in existance of a book issued a number of years ago by Alexander J. Wedderburn, but much of the data contained there is now out of date. The Chamber of Commerce five years ago issued an attractive little leaflet which was used with good effect, but the supply was exhausted a long time ago.

What is needed is a neat folder discriptive of Alexandria that can be gotten out in large quantities and used by merchants and other people as an enclosure with their business letters.

TREE PLANTING IS NEEDED.

Very little has been done since the storm of three weeks ago to repair the terrible loss caused by the destruction of trees throughout the city. While it will not be time for several months to plan new trees, arrangements should be made now by the authorities to have trees planted for the property owners. It is not meant that the city itself should pay the expense of placing new trees in position, but arrangements could be made so that the property owners would bear a smaller expense than if the work was done by individuals. The tree lined streets of Alexandria are one of its assets and add much to the beauty of the city. They should be maintained at any cost.

FAIRBANKS ON MEXICO.

In an address recently delivered Former Vice-President Fairbanks said:

To sacrifice the life of one soldier for all the dollars invested and speculators have ventured in Mexico could be the supremest folly. President Wilson is doing all that is possible to handle the situation peaceably and former President Taft dealt admirably with the question. It seems to me that the Mexican situation is one that need by no manner or means cause serious alarm. The duty of the United States is a plain one. President Wilson is dealing with it the best he can and we should endeavor to uphold his hands.

What is this plain duty of the United States, Mr. Fairbanks? Is it not to protect the lives and property of American citizens living in Mexico? Is it not to keep faith with the foreign nations of the world when we promise to preserve the lives and property of their subjects on the western hemisphere? Is it not to preserve our national honor and dignity?

If you will agree that this is our plain duty towards Mexico, what are we going to do to carry it out? We have been waiting for the answer from some source of authority, but you, like all others who discuss the question, fail to outline the remedy.

WARRENTON HORSE SHOW.

Fine Specimens of Equine Creation on Exhibition.

Warrenton, Va., Aug. 20.—With some of the finest specimens of the thoroughbred as well as high-class representatives of the other divisions of equine excellence assembled here more than 100 strong, groomed and fit to show at their best, the fifteenth annual horse show of the Warrenton Horse Show Association which opens this morning and will continue until Thursday evening.

The accommodations of the town are taxed to the limit by the influx of hundreds of horse lovers, and the interest displayed is so great that the promoters of the show are confident the maximum attendance on the second day of alst year's show, when more than 6,000 crowded the grand stand overlooking the ring, will be exceeded this year.

If interest has centered in any one class, it is in the Corinthian class, open to all hunters. This event, ridden by members of hunt clubs in full uniform, promises to be the most notable of all from the spectators' standpoint.

The sporting tandems tre also receiving considerable attention.

Miss Catherine Elkins, of Middleburg, daughter of the late Senator Stephen B. Elkins, has entered sixteen fine animals in the hunter class.

THE SCHOOL QUESTION.

(Communicated.)

August 20, 1913.

Editor Alexandria Gazette:

The matter of the school is the most important problem that has confronted our citizens in many years. We are at the parting of the ways—shall it be old Alexandria or shall it be a new Alexandria, improving annexing, expanding?

In the school matter is included:

1. The character and location of the school itself; 2, playgrounds for our present and future children; 3, a park for our present and future citizens; 4, annexation.

Argument is unnecessary; all our citizens admit the pressing need of increased school facilities.

Shall we continue our old graded schools, and continue to send our children to the Washington High Schools; or, are we to have a high school in the literal meaning of the word.

If we locate the school building on Washington street, or, on the Lee School property, how much will either of these sections of the city be benefitted thereby?

At the end of any given number of years, how much additional value will either of these sections have added to the city's original investment? Shall we build another school for the annexed territory, or, shall we so locate and build now as to provide for present and future needs?

Shall we build for today only, or, shall we also provide for tomorrow?

Provided we locate at Cameron and West streets, and build for tomorrow as well as for today, will conditions in that section of the city be benefitted? Will any additional value to be added to the city's original investment? Will it advertise the city's progressiveness to place a high school, playgrounds and park upon that site?

Shall our present and future children continue to violate the law, and endanger life and limb by playing in the streets; or, shall they be provided with playgrounds?

Shall we have a park for our present and future citizens? Are we serious about the matter of annexation?

Do we expect to realize upon the money we are investing in that matter, or, are we merely sentimental? Should the Court of Appeals decide in favor of the city, do we not thereby become annexed? Will a school located upon Washington street, or, upon the Lee School property be convenient for the children living in the annexed territory?

The matter of the school has been put "up" to our citizens. It is for them to decide as to whether it shall be old Alexandria or, a new, improving, annexing, expanding Alexandria

Yours truly

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

WASHINGTON, D. C.

VIRGINIA REPUBLICANS.

Committeeman Martin Says Entry of Full Ticket is Yet Mooted Question.

Norfolk, Va., Aug. 20.—According to present plans of Republican leaders in the State a decision will be arrived at within the next few days as to putting into the field this fall a ticket in opposition to the Democratic nominees for State offices. Alvah H. Martin, Republican National committeeman, said yesterday that the State executive committee, to which the subject has been referred, would meet shortly in Washington to decide the matter. Bascom Slemp yesterday authorized in Washington a statement discouraging the full ticket advocates.

At the recent Republican conference held in Roanoke opinion was divided upon the question of the wisdom of entering the campaign, and being unable to agree at that time the conferees, among whom were G. O. P. leaders from every section of the State, referred the whole matter to the State committee with power to make final decision.

Asked whether he believed the committee would decide to call a convention for the purpose of naming a ticket, Mr. Martin declined to express an opinion. "Some are in favor of doing so and some are not," replied Mr. Martin, "and it is at present uncertain what will be done."

Notwithstanding the division of sentiment and the consequent doubt by many persons of Republican opposition to the Democratic nominees, anticipation of the State committee's possible decision to make a try at the election has brought out several names for the gubernatorial nomination. S. Harris Hoge, of Roanoke, and Colonel J. C. McGovack, of Wythe are both mentioned for it. Friends of R. H. Angel, of Roanoke, have suggested his name also, but Mr. Angel has said he would not accept the nomination.

Meanwhile, the Progressives, having made it plain that they will not consider the Republican suggestion of fusion on an independent ticket, are debating the course of wisdom for that party with regard to the November election. A meeting of the Progressive State executive committee two weeks ago at Richmond failed to evolve a definite policy as to the campaign, the session resulting only in the appointment of a subcommittee to canvass the situation, and in the adoption of a resolution advising local organizations to make a fight for the House of Delegates. The Progressive subcommittee has not as yet held a meeting.

Killed in Crap Argument.

Norfolk, Va., Aug. 20. — Clinton Johnson, colored, was shot and almost instantly killed Monday afternoon, by Sam Jackson, also colored, during an argument in Proby's Court over a crap game. Johnson was shot twice, one bullet entering his abdomen and the other his head.

He was carried to St. Vincent's Hospital in the patrol but died as he was being lifted out of the wagon.

Jackson is locked up on the charge of murder while John Moran, colored, is held as an accessory and Jesse Moore, also colored, as a witness.

Your Stomach Bad?

JUST TRY *ONE DOSE* of *Mayr's* Wonderful Stomach Remedy and Be Convinced That You Can Be Restored To Health

You are not asked to take *Mayr's Wonderful Stomach Remedy* for weeks and months before you receive any benefit—one dose is usually required to convince the most skeptical sufferer of Stomach Ailments that this great remedy should restore anyone so afflicted to good health. *Mayr's Wonderful Stomach Remedy* has been taken by many thousands of people throughout the land. It has brought *health* and *happiness* to sufferers who had despaired of ever being restored and who now proclaim it a Wonderful Remedy and are urging others who may be suffering with *Stomach, Liver* and *Intestinal Ailments* to try it. Mind you, *Mayr's Wonderful Stomach Remedy* is so different than most medicines that are put on the market for the various stomach ailments—it is really in a class by itself, and one dose will do more to convince the most skeptical sufferer than tons of other medicines. Results from one dose will amaze and the benefits are entirely natural, as it acts on the source and foundation of these ailments, removing the poisonous catarrh and bile accretions, and allaying the underlying chronic inflammation in the alimentary and intestinal tract, rendering the same antiseptic. Just try one dose of *Mayr's Wonderful Stomach Remedy*—put it to a test today—you will be overjoyed with your quick recovery and will highly praise it as thousands of others are constantly doing. Send for booklet on Stomach Ailments to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill.

Diarrhoea Quickly Cured.
I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriola, Pa., that is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. It is one of the most successful preparations that has been discovered. Thousands have testified to its value. For sale by all dealers.

At a Corporation Court of the City of Alexandria, continued and held at the Court House of said City on Friday, July 25th, 1913.
Present: Hon. Louis C. Barley, Judge.
Ella Carter Ahl,
Vs. In Chancery.
William Frank Ahl.

Whereas, on the 11th day of July, 1913, upon the application of complainant stating specifically the last known place of abode of the defendant, and it appearing to the Court that process had been issued and returned by the Sergeant of the City of Alexandria, Virginia, showing defendant not being found within the jurisdiction of this court, an order of publication was granted in accordance with the statute in such cases made and provided, and a copy of said order directed to be published once a week for four successive weeks in the Alexandria News, a newspaper published in the City of Alexandria, Va.; and

Whereas, before the completion of said publication as required by statute the said Alexandria News suspended publication; It is therefore upon the application of the complainant this 25th day of July, 1913, adjudged, ordered and decreed that the Court doth grant the following order of publication, to wit:

The object of this suit is to obtain a decree divorcing from the bonds of matrimony the complainant, Ella Carter Ahl, from the defendant, William Frank Ahl, on the ground of wilful abandonment and desertion for more than three years last past prior to institution of this suit, and for general relief; and an affidavit having been filed that William Frank Ahl is a non resident of the State of Virginia, it is ordered that he do appear here within fifteen days after due publication of said order of publication and do what is necessary to protect his interests in this suit.

It is further adjudged, ordered, and decreed that a copy of said order of publication be published once a week for four successive weeks in the Alexandria Gazette, a newspaper published in the City of Alexandria, Va., and that a copy be posted at the front door of the Court House of the Corporation Court of said City on or before the next succeeding rule day after this order is entered; and that a copy of said order of publication shall be sent by registered mail by the clerk of this court addressed to said non resident defendant at the Home of the Aged and Infirm of the District of Columbia, at Shepphard's Landing District of Columbia.

A Copy—Test:
NEVELL S. GREENAWAY, Clerk.

MUTUAL RELATIONS AND INTERESTS OF THE BELL SYSTEM AND THE PUBLIC

The suit brought by the United States questioning the purchase of certain telephone properties in the northwest, as well as the pending Interstate Commerce Commission Telephone investigation, have caused many inquiries. Without taking up anything going to the merits of these proceedings, it has seemed to us proper to state generally what has been our policy and purpose in the conduct of our business.

We have found, or thought that we had, that our interests were best served when the public interests were best served; and we believe that such success as we have had has been because our business has been conducted on these lines.

We believe that our company has an interest as vital as that of the public in the proper administration of the problems of electrical inter-communication. The success and prosperity of our company depends upon a solution of these problems which shall be sound from both the standpoint of the company and the public which it serves.

Following our own best judgment supplemented by the best obtainable advice, we have endeavored to do what would best serve the public interest; whatever possible our plans have been disclosed to the public in advance, and what has been done in carrying them out has been along ordinary business lines, with the implied, and generally, with the expressed approval, authorization or consent of the municipal and state authorities directly interested. Our effort has been not only to obey the law, but to avoid everything which might even have the appearance of an attempt at evasion.

Our business methods and policy, and practically all of the details as to the transaction of our business, are matters of common knowledge and are, and for many years have been, well known to the government. We will willingly furnish the government any additional information which is in our possession or under our control, and will cordially co-operate with it in obtaining such further information as it may require. Every possible assistance will be given by us to the courts in their effort to determine whether our policy is or has been inimical to the public interest. We desire that anything wrong be corrected; we will voluntarily rectify any wrong that may be pointed out to us; and, so far as it may be determined that our policy or any act under it is against the public interest, we will promptly conform to such determination.

We believe that if each of our exchanges were made an independent unit and if each connecting line were put under a separate control, the effect upon the telephone service of the country would be a condition so intolerable that the public would refuse to submit to it and would immediately require such physical connection and common control of these various units as would amalgamate them into a single system. Physical connection in the case of telephone and telegraph does not mean transfer of messages from one line to the other. It means such a connection as will permit one person to have the actual possession of the particular line of communication from one end of it to the other and this can only be given efficiently by exchange systems and connecting lines under a common control; and that is what the Bell system is.

In this connection, and for general information, we will restate the policy which controlled the building up of the Bell system, and our belief as to what a telephone system should be,and what are its relations to the public.

We believe and were the first to advocate state or government control and regulation of public utilities; that this control or regulation should be by permanent quasi-judicial bodies, acting after thorough investigation and governed by the equities of each case; and that this control or regulation, beyond requiring the greatest efficiency and economy, should not interfere with management or operation. We believe that these bodies, if they are to be permanent, effective and of public benefit, should be thoroughly representative, they should be of such character and should so conduct their investigations and deliberations as to command such respect from both the public and the corporations that both will without question accept their conclusions.

We believe that the public would in this way get all the advantages and avoid all the manifest disadvantages of public ownership.

We believe that centers of business and population exist for the convenience of the public as a whole, and that no such center can prosper without sufficient and efficient means of intercourse with other centers and tributary territories; that such means can only be afforded by prosperous utility and service companies and that fair rates are essential to prosperous companies. We do not believe that any public either desires or can obtain, nor can any service or utility furnish, permanent and efficient service at less that cost, including capital charges. We believe that ultimately the public either directly or indirectly pays the losses involved in the efforts to furnish such service at less than its fair cost, either through the loss of the capital involved, the losses incident to poor service or the necessary increase in charges required to pay for duplication of capital.

We believe that the highest commercial value of the telephone service depends on its completeness—on the extent and comprehensiveness of the facilities for intercommunication, not only between individuals but between centers of population; that no isolated section can be considered independently of any other section or of the whole; that rates must be so adjusted as to make it possible to obtain the maximum development by making it possible for every one to be connected who will add to the value of the system, thus giving the greatest value to the greatest number; that the inter-dependence on the telephone service and the value of complete and universal intercommunication justify and require some service partly at the expense of the whole for the benefit of the whole.

We believe that this highest commercial value can only be attained by one system under one common control and that it cannot be given by independent systems unless they are operated under agreements which result in one common control and one common interest,in effect making them a single system.

We believe that rates should be so adjusted as to afford the company sufficient revenue to pay such wages and compensation as will secure the most efficient service; to maintain the very highest and most advanced standards of plant and apparatus, to carry on such scientific and experimental research and inventions as to apparatus and methods as to insure the highest standards, and to carry to reserve and depreciation such amounts as will enable the company at any time to replace old plant and old methods with new plant and new methods as fast as they may be developed and found to be to the advantage of the service. We believe that in addition, such fair charges should be paid upon the investment in plant as will enable the company at any time to obtain money necessary to provide the plant required to meet the continuing demands of the public; and in order that waste and duplication of effort may be avoided and uniformity of purpose and common control be enforced that there should be a centralized general administration in close communication with and having general authority over the whole on matters common to all or matters of general policy.

We believe that any surplus beyond that necessary to equalize dividends on a fair basis should be used by the company for the benefit of the public and should be inalienable for any other purpose, and should be either invested in revenue-earning plant until necessary to substitute plant which may become inadequate or obsolete, or should be used to make the service cheaper or better.

We believe that under proper governmental control and regulation the profits from promotion or operation allowed to be distributed should not be so large as to warrant or tempt complete duplication of plant and organization with its duplication of its capital charges and its organization, operating, maintenance and depreciation expenses; and we do not believe that utilities giving at fair rates an efficient and sufficiently comprehensive universal service should be subject to limited competition, not giving such service. Competition which ignores the obligation to furnish a complete and comprehensive service is not competition, is not for the benefit of the public in that it does not reach the whole public interested.

If, therefore, complete duplication, with its dual exchange connection and dual bills for service is a prerequisite to complete competition, government control and regulation cannot go hand in hand with competition.

We believe that the record of the Bell System will be accepted by the public as fully in accord with these declarations. Consistent adherence to this policy has given the public of the United States the best, most comprehensive and cheapest telephone service in the world and made the Bell standards the standards of all nations.

To remove any possible excuse for misapprehension on account of the many misleading statements which have been circulated as to the alleged unnecessary and overcapitalization and excessive charges of the Bell system, the following statistics are given. Except where stated, the figures are for the Bell System; that is, the American Telephone and Telegraph, and its Associated companies.

The entire Bell System on June 30, 1913, had outstanding in the hands of the public obligations (i. e., notes, open accounts, bonds and shares) to the par value of $776,000,000.

The book value of the total tangible assets, which is considerably less than their replacement value, amounted to $960,000.000. Many appraisals of property included in these assets have been made, and most of them under the direction of public authorities. In no case has the value as it stands on the books failed to be sustained, and in most cases it has been very largely exceeded.

The total dividends and interest paid during the year 1912 amounted to only 6.1 per cent. on the average of its outstanding obligations, and to less than 5 per cent. on the average value of its assets.

The actual cash which has been paid into the treasury of the American Telephone and Telegraph Company on account of the capital obligations now outstanding amounts to $22,000,000 more than the par of such outstanding obligations.

The Associated Companies collected from the public and paid back in taxes over $10,000,000 during the year 1912.

The steadily increasing necessities of the public not only for additional but for new telephone service can only be met by new construction, involving capital outlay. To meet these demands during the six and one-half years from 1907 to June, 1913, inclusive, the increase in telephone plant was as follows: Toll line wire increased from 1,460,000 miles, to 2,242,000 miles; exchange wire increased from 6,000,000 miles to 13,000,000; the number of exchange stations increased from 2,730,000, to 5,200,000; the number of stations of independent companies connected with the Bell System increased from 343,000 to 2,620,000. The number of Independent companies connected with the Bell System is about 25,000. The number of employees in the Bell system, not including the employees of connected companies, on December 31, 1912, was 141,000.

During the same period the number of shareholders of the American Telephone and Telegraph Company, not including either the associated or connecting companies, increased from 17,000 to about 54,000. About 47,000 shareholders hold less than 100 shares of each; 6,500 shareholders hold from 100 to 1,00 shares each; 347 shareholders hold from 1,000 to 5,000 shares each, while there are only 16 shareholders of 5,000 shares or over in their own right. A majority of the shareholders are women.

American Telephone and Telegraph Company.
THEO. N. VAIL, President.

DON'T EXPERIMENT.

You Will Make No Mistake If You Follow This Alexandria Citizen's Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are frequently symptoms of kidney trouble, and a remedy which is recommended for the kidneys should be taken in time.

Doan's Kidney Pills is a good remedy to use. No need to experiment. It has acted effectively in many cases in Alexandria. Follow the advice of an Alexandria citizen.

Mrs. G. W. Davis, 107 Alexandria, Va., says: "I owe my health to Doan's Kidney Pills, I have used them frequently during the past seven years and they have often brought me relief after everything else had failed. Doctors treated me for a long while and said my case was a severe one. I had undergone tortures from the complaint, and often I was all worn out. When I had almost given up hope, I took Doan's Kidney Pills. They have strengthened me and rid me of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's— and take no other. (18)

An explosion of two cars carrying dynamite to Mexico City, wrecked Tacubaya yesterday. According to the latest reports from there, six hundred persons were killed and as many badly wounded. The explosion occurred in the heart of the town, and all buildings within a wide area were destroyed

Clergyman's Son Had Tuberculosis; Now Well

People who have Consumption are often filled with bright hopes of recovery, only to realize that improvement is but temporary. Consumption is dreaded by everyone. Those who had it and used Eckman's Alterative can testify to its beneficial effects. No one need doubt it—there is plenty of evidence from live witnesses. Investigate the following:—

Amenia, N. Y.

"Gentlemen: Prior to Feb., 1908, I was located in Rochester, N. Y., suffering with LaGrippe, which developed into Tuberculosis. My physician gave me one month to live. I was having terrible night sweats and mid-day chills and losing flesh rapidly, having gone from 135 to 135 pounds. I coughed and raised continually and became so weak that walking a few feet exhausted me. On my return home, my regular physician gave me little encouragement. My father, who is a clergyman, heard of Eckman's Alterative and induced me to take it. The night sweats and chills disappeared, my cough became easier and gradually diminished and in a few days I developed an appetite, the first in months. I am now in perfect health, back to 155 lbs. I feel certain that I owe my life to Eckman's Alterative."

(Signed) E. H. COWLES.

"Gentlemen: I cannot find words to express my appreciation of what your remedy has done for my son. It changed despair into hope within two weeks after he began taking it, and without any doubt in my mind, it saved his life. I wish to add my endorsement to every word of his testimonial."

(Signed) REV. J. J. COWLES,
Pastor Presbyterian Church.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

TRUSTEE'S SALE
of Valuable
14 Room House and Apartment House.

(16 rooms—4 flats—4 rooms each, at New Alexandria, Va.)

Pursuant to the terms of a deed of trust bearing date on December 4, 1911, and duly recorded among the land records of Fairfax county, Va., in deed book L, No. 7, page 192, given by Burton C. Powell and Cordelia K. Barker to the undersigned to secure certain notes therein set forth and described, default having been made in the payments of said notes, and at the request and by the direction of the holder of the same, the undersigned will offer for sale at public auction in front of the Market House Building, Alexandria, Va., at 12 o'clock, M., on

SATURDAY, AUG. 30th, 1913,

the following property, together with the improvements thereon, to-wit:

1. All that lot or parcel of ground being the south fifty-one feet of lots Seventeen, Eighteen, Nineteen, Twenty-one in Block Twenty-nine of the subdivision of the town site of New Alexandria, Fairfax county, Va., and bounded as follows to-wit:

Beginning on the west side of Potomac Avenue, Eighty-nine feet South of F. street on the south line of an eighteen foot alley running west from Potomac Avenue one hundred and twenty-five feet; thence south on Potomac Avenue fifty-one feet to a twenty foot alley; thence west one hundred and twenty-five feet; thence north fifty-one feet and thence east one hundred and twenty-five feet to the beginning, together with the right of way over both of said alleys, in common with others entitled thereto. The said eighteen foot alley being laid out for the use of the lot hereby conveyed and for the use of the lot on the north side thereof; also the use of a well on the lot adjoining the above belonging at that time (October, 4th, 1893) to Philip H. Deis. The said lot of ground hereby conveyed being subject to the conditions contained in the deed from the Land and River Improvement Company of New Alexandria, to Philip H. Deis, and being the same property which was conveyed to Miranda Tulloch, guardian of Henry V. Tulloch, by Philip H. Deis and wife by deed, dated the 4th day of of October, 1893, and duly recorded in deed book P, No. 5, page 342, one of the land records of Fairfax county, Virginia.

2. Beginning at a stake on the east side of Railroad Avenue, and distance 131.12 feet from the northeast corner of said avenue and F. street, said point being on the line of the Deis Manufacturing Company's lot;thence along the side of Railroad Avenue N. 33 degrees 17 inches W. 295.06 feet to a stake;thence with a line and parallel to, and distant from Deis Manufacturing Company's north line, N. 88 degrees, 48 inches E. 350.3 feet to a stake on the bank of the Potomac river; thence down said river S. 270 degrees 55 inches E. 143.6 to a stake; thence S. 45 degres 5 inches E. 196 feet to a stake; thence with the line of the Deis Manufacturing Company's lot S. 88 degrees, 48 inches W. 275.3 feet to the beginning, and containing TWO ACRES, together with all riparian and other rights, privileges and appurtenances thereto belonging or pertaining, being the same property which was conveyed to Stephen B. Priest, by the Benheim Filter Company, a corporation by deed dated on the 18h day of Nov. 1898 ,and of record in deed book B, No. 6, page 666, one of the land records of the county of Fairfax, Virginia.

These lots are improved by a modern fourteen-room DWELLING located within easy access of the railroad, and near to the river shore, being improved with all modern conveniences and easily adapted to the making of a modern apartment house dwelling.

TERMS OF SALE:—CASH. Conveyancing at the cost of the purchaser or purchasers, who shall not be required to see to the application of the purchase money. A deposit of $100 will be required on day of sale, terms of sale to be complied with within ten days, or the property to be resold at the risk of cost to the defaulting purchaser or purchasers.

ONE APPLICATION RESTORES THE COLOR TO GREY OR FADED HAIR

Simple—Easy—Safe—With Hay's Hair Health

Why have unsightly grey hair—why look prematurely grey and years older than you are—why look unattractive and lose your charm and beauty?

If your hair is grey, faded, streaked looking, Hay's Hair Health will change it—bring back the natural color, life and lustre quickly, effectively. No one can tell that you are using it. You'll be surprised at the quick results from a few applications, the grey hairs will gradually disappear, leaving your hair in its natural, youthful condition, full of life, radiance and beauty.

For those who are troubled with Dandruff there is nothing that will relieve the irritation and itching and cleanse the scalp so quickly and thoroughly as Hay's Hair Health. Dandruff causes the hair to turn grey, become thin and faded, and gradually to fall out. Druggists will refund your money if you are not satisfied with Hay's Hair Health after a trial.

Free: Sign this adv. and take it to the following druggists and get a 50c. bottle of Hay's Hair Health and a 25c. cake of Harfina Soap for 50c.; or $1.00 bottle of Hay's Hair Health and two 25c. cakes of Harfina Soap Free, for $1.
